

Health Share Referral Manager (HSRM): VA's Secure Online Portal for Managing Referrals and Authorizations

Why are community providers across the country excited to use HSRM?

- ◆ **Facilitates Health Information Exchange (HIE)** between community providers and VA via a unified platform
- ◆ Conveniently **organizes all active referrals** in one centralized location
- ◆ **Reduces time spent** waiting for fax, phone or email contact
- ◆ Allows community providers to **request authorization** for additional services or additional time to provide services
- ◆ Promotes **reduced turnaround time** for authorizations and reimbursement

HSRM Account Creation For Community Providers

- ◆ **STEP 1: Training:** Each staff member attends virtual training, completes eLearning lessons, or reviews one of the training guides
- ◆ **STEP 2: ID.me:** Each staff member creates an ID.me account and verifies their identity at <https://www.id.me/>
- ◆ **STEP 3: Submit EUT:** One facility point of contact (POC) fills out the End User Tracker (EUT), then sends it to HSRMSupport@va.gov
- ◆ **STEP 4: Receive Accounts:** Help Desk creates accounts in HSRM, then provides confirmation of account creation to the facility POC
- ◆ **STEP 5: Log Into HSRM:** Each staff member logs into HSRM at <https://ccracommunity.va.gov>
- ◆ Once these steps are complete, contact the VA Medical Center(s) you work with to let them know you have access to HSRM and to discuss your transition to HSRM
