Potential COP interpretation change

Hi All, I just got this statement forwarded to me from our Senior Director. I have not seen or heard anything from any other sources yet. Let me know if any of you found reference to this anywhere.

Not sure if you saw this change....

When you are done typing your response, scroll down and hit “submit post.”

The image shows a text editor window. At the top is a large, empty text area with a vertical scrollbar on the right side. Below the text area is a toolbar containing two buttons: 'Design' (with a pencil icon) and 'Preview' (with a magnifying glass icon). To the right of these buttons is a status bar that reads 'Words: 0 Characters: 0'. Below the toolbar is a horizontal line, and then a grey rectangular area.

The image shows an upload area. It is a large rectangular box with a thin border. In the center of the box is a downward-pointing arrow icon followed by the text 'Drop photos here or click to upload'.

Note: Only 10 files can be uploaded at a time.

The image shows two buttons. The first is a blue button with the text 'Submit Post'. The second is a red button with the text 'Cancel'. A yellow hand-drawn circle highlights the 'Submit Post' button.
