Better Business Bureau of Minnesota and North Dakota (BBB) invites you to participate in a series of meetings with the goal of creating tip brochures for consumers who are investigating home care services and list best practices for the industry. As our population ages, BBB sees an opportunity to educate consumers, as well as develop guidelines for businesses and offer best practices for home care providers. These brochures will be distributed by BBB and made available to businesses.

We are conducting three facilitated meetings on November 19, December 3, and December 17 from 1:30 p.m. to 3:00 p.m. at the BBB offices, **220 S. River Ridge Circle, Burnsville, MN 55437.**

These meetings will build on each other and we invite you to attend as many as possible. Please join us so that together we can educate consumers about this growing industry.

Please contact me if you are able to attend, cannot attend these dates but would like to participate, or have any questions.

I look forward to hearing from you.
