

# Minnesota Home Care Association Board Meeting

Janelle Shearer, RN, BSN, MA, CPHQ  
Program Manager, Stratis Health

February 13, 2025

# We Make Lives Better

- Lead collaboration and innovation in health care quality and safety, and serve as a trusted expert in facilitating improvement for people and communities
- Core expertise is designing and implementing improvement initiatives across the continuum of care
- Organizational priorities include advancing rural health, health equity, and addressing the opioid crisis

# What does Stratis Health do?

- Develop and guide health improvement initiatives across the continuum of care that result in better health and care for people and communities.
- Our services are designed to:
  - Strengthen organizational capacity
  - Redesign care delivery
  - Build bridges between health care and community
- We are working toward solutions to the most complex and diverse health improvement challenges.

# IMPROVING HEALTH

## Leading Transformation

**STRENGTHEN ORGANIZATIONAL CAPACITY AND RESILIENCE**

**IMPROVE POPULATION HEALTH**

**ACHIEVE OUTCOMES**

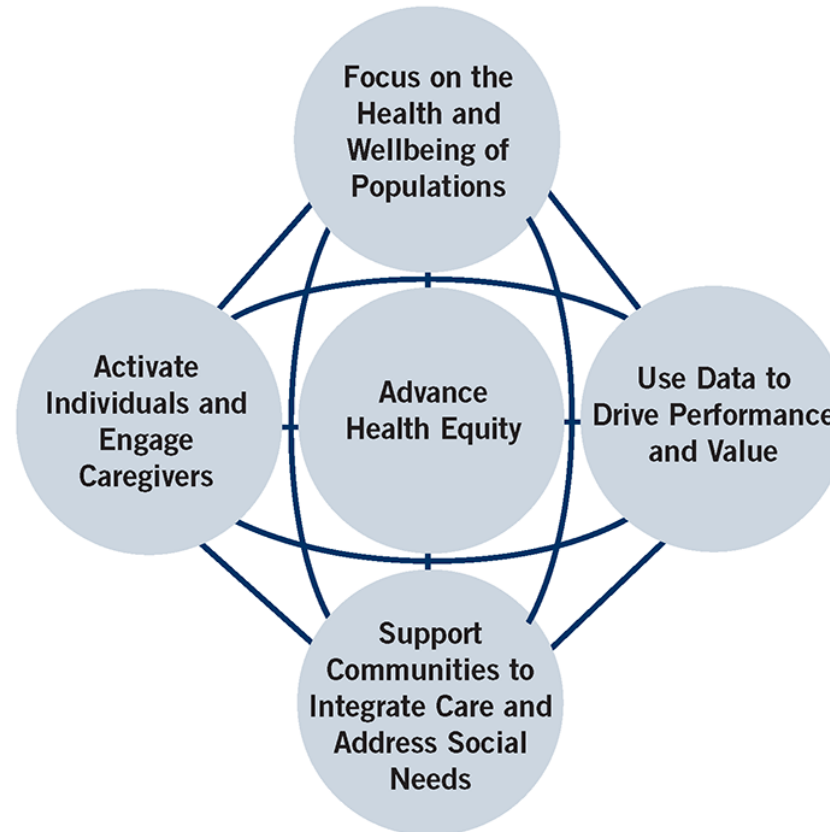

Lead with Vision and Support a Culture of Learning and Trust

Embed Strong Change Management Skills Supported By Improvement Methods

Design Service Delivery Based on Best Practice and Emerging Innovation

Empower Intentional and Inclusive Collaborations

Optimize Use of Technologies

**Better Care**

**Better Health**

**Lower Cost**

# What does Stratis Health do? (continued)

- Our work covers a range of customer needs and actions, from the broad in scope to very targeted
- Approximately 50% of Stratis Health's initiatives are implemented in MN, the other half are regional, national, or in other states
- Stratis Health relies on and contributes to research, but is not a research organization
- Our website is an excellent overview of what we do:  
[www.stratishealth.org](http://www.stratishealth.org)

# What are some of Stratis Health's contracts and projects?

- **Medicare Quality Innovation Network-Quality Improvement Organization (QIN-QIO)** – improving care for older adults
- **Culture Care Connection** – supporting health care professionals to reduce health disparities and promote health equity
- **Partnership to Advance Tribal Health (PATH)** – improving population health among American Indian and Alaska Native communities

# What are some of Stratis Health's contracts and projects? (continued)

- **Rural Health Value** – advancing value-based care and payment in rural
- **Stratis Health Opioid Addiction in Rural (SOAR) Project ECHO** – building capacity among rural primary care teams to address the opioid crisis
- **Minnesota Adverse Health Events System** – improving patient safety

*Additional examples of our initiatives are on our website: [Current Initiatives - Stratis Health](#)*

# What are Stratis Health's strategies?

Strategies		
Co-design system changes that connect health care and community organizations to improve health.	Advance a safe and compassionate health care environment for those receiving and those providing care.	Accelerate evidence-informed and culturally responsive care and services.

With these strategies, we prioritize improvement efforts that empower those who have been historically marginalized. In implementation, we work in ways that are inclusive, systems oriented, and centered on equity. Our work is broad and inclusive, while highlighting:

- People who are age 65 and older.
- People living in rural places.
- People experiencing substance use disorders.
- People experiencing health disparities.

# What guides Stratis Health's programmatic work?

- Community need
- Evidence base from applied research
- Funder priorities
- Partner and collaborator opportunities
- Organizational strategies
- Relevant science and methods:
  - Quality Improvement and Safety Sciences (our traditional approach to improvement)
  - Implementation Science (our more recently added change management and replication method)

# Examples of Tools/Resources

# Home Health Tools

- Call Us First Toolkit - tools to help decrease the number of patients going to the emergency department (ED) without contacting home health first.
- Timeliness of Care Campaign training video - decrease delay in the timeliness between hospital discharge and the start of home health services.
  - Home Care Intake Scripting Tool
  - Home Care Acceptance Tracking Tool

# Call Us First Toolkit

- The **Call Us First** toolkit provides multiple resources to assist HHA staff, patients and families in managing conditions to avoid ED use.
- It integrates emergency care plans into patient education and includes workflows with guidelines on contacting home health staff vs. going to the ED.
- It also includes links to the Timeliness of Care toolkit and SDOH Z Code Guide

Toolkit was created by Superior Health in collaboration with HHAs in MN, MI and WI.

# Call Us First Content Topic Tools

- Client risk assessment
  - High-risk diagnosis
  - Comorbidities
  - Non-clinical aspects
  - Individualized education plans
  - Diagnosis-specific zone tools
- Caregiver and family education
- Competency training
- Internal workflow processes
  - Clinical decision support

# Downloadable Diagnosis-Specific Zone Tools

- Chronic obstructive pulmonary disease (COPD)
- Diabetes
- Heart failure
- Medication management
- Mental health
- Pain control
- Sepsis prevention
- Wound care

WOUND CARE: Zones for Self-Management	
Agency Name: _____	Phone: _____
Patient's Name: _____	Date: _____
<b>Green Zone = All Clear</b>	
 <ul style="list-style-type: none"> <li>• No swelling around wound</li> <li>• No pain at wound site</li> <li>• Skin around wound is normal color or slightly red</li> <li>• No odor from wound</li> <li>• Drainage is straw or pink in color</li> <li>• Temperature taken by mouth is 98.6° or less</li> </ul>	<b>Green Zone Means:</b> <ul style="list-style-type: none"> <li>• Your wound is clean and not infected</li> <li>• Continue with your dressing changes</li> <li>• Keep your home care nurse appointments</li> <li>• Keep physician appointments</li> </ul>
<b>Yellow Zone = Caution</b>	
 <ul style="list-style-type: none"> <li>• Swelling is worse</li> <li>• Increased pain at wound site, but not constant or excruciating</li> <li>• Increased redness of skin around the wound</li> <li>• Slight odor from the wound</li> <li>• Drainage looks like pus – yellow or green in color</li> <li>• Temperature taken by mouth is 100.5° or higher</li> </ul>	<b>Yellow Zone Means:</b> <ul style="list-style-type: none"> <li>• You may have an infection</li> <li>• Call your home care nurse and/or your physician</li> </ul> <p>Agency phone number: _____</p> <p>Physician's phone number: _____</p> <p>Notify your home care nurse if you contact or see your doctor.</p>
<b>Red Zone = Medical Alert</b>	
 <ul style="list-style-type: none"> <li>• Swelling around wound is more than an 1/8 of an inch higher than the wound</li> <li>• Pain at the wound is constant or excruciating</li> <li>• Skin around wound is bright red</li> <li>• Strong, foul odor from the wound</li> <li>• Drainage is soaking through the dressing</li> <li>• Temperature taken by mouth is 100.5° or higher</li> </ul>	<b>Red Zone Means:</b> <b>CALL YOUR DOCTOR NOW!</b> <p>Physician number: _____</p> <p>Notify your home care nurse or case manager if you go to the emergency room or are hospitalized.</p>

# Front Line Forces: Recognizing Resident/Patient's Change in Condition

- PPT overview for leaders/managers. (27-minute YouTube video)
  - Presentation PDF with resource links.
  - Online module for front line staff.
- Posters
  - Change in Resident Condition
  - Change in Patient Condition

Over 20 modules for front line staff.

# *Shine a Light on Stigma Campaign*

- People with substance use disorder (SUD) have a medical condition and need medical care. Yet the language often used to describe people with SUD tends to blame or demean them, creating a stigma that interferes with their opportunity to seek treatment. The Superior Health Shine a Light on Stigma campaign aims to increase respect for and dignity of persons with substance use disorder by asking individuals and organizations to learn about and commit to eliminating the stigma surrounding SUD by changing the language they use.

[Building Sustainable Capacity for Quality and Organizational Excellence](#)

**March 7-8, 2023, Bloomington, MN**

# Core Elements of CAH Quality Infrastructure

**Leadership  
Responsibility &  
Accountability**

**Quality Embedded  
Within the  
Organization's  
Strategic Plan**

**Workforce  
Engagement  
& Ownership**

**Integrating  
Equity into  
Quality Practices**

**Culture of  
Continuous  
Improvement  
Through Behavior**

**Culture of  
Continuous  
Improvement  
Through Systems**

**Engagement of  
Patients, Partners,  
& Community**

**Collecting  
Meaningful  
& Accurate Data**

**Using Data to  
Improve Quality**
